A Successful Mayor's Cup

The 29th Annual Mayor's Cup Regatta drew 29 competing boats from across North Carolina as well as Virginia for races out of the Lake Townsend Marina on June 3-4. The event was sponsored by the Lake Townsend Yacht Club with the co-sponsorship of the Greensboro Parks and Recreation Department.

Winning the Mayor's Cup was Larry Lewis in his Flying Scot, with Starr Lewis as crew. Lewis is a High Point resident and a member of the Lake Norman Yacht Club. This marks the 12th time Lewis has won the cup in its 29-year history, the most recent being in 2000. The winner receives a Revere bowl as a keeper, while the cup is a perpetual trophy engraved with the name of the winner in the one-design class.

Winning the Bryan Cup was John Norton in a Thistle. Norton is a Chapel Hill resident and member of the Carolina Sailing Club. Kirk Nelson crewed for the race. The Bryan Cup is a perpetual trophy engraved with the name of the winner in the handicap class.

Sandra Anderson Groat, Mayor Pro Tem for the City of Greensboro, spoke at the opening ceremonies and presented the trophies.

Cruising on Albemarle Sound

I am sorry to say that Bill Byrd and I were the only ones on this cruise. Even so, we still had a great time!

We pulled the Paceship into Edenton early afternoon on Friday and began looking for a place to launch. We went to the Edenton Marina on Hwy 17 and found that their ramp was very short and shallow. We could not even float the boat off the trailer.

By mid afternoon, the wind was getting up and thunderclouds were coming in. We decided to keep C'est la Vie on the trailer and use her as an RV. We would find a better ramp in the morning.

We had storms all night and winds up to 30 mph. It was good night to be secure on dry land!

On Saturday morning, we took the boat to the Midway avenue ramps. They had two very long and deep ramps. Perfect. The only problem was, this launched you right into the sound with no docks close by.

We launched the boat and then I motored it the 5 miles back to the Edenton Town Docks. Bill

unhooked the trailer and left it locked up in the parking lot and met me back at the docks. We tied the boat up on the breakwater bulkhead and played tourists in Edenton for the rest of the day.

The great thing about Edenton is that from the Town Docks you are only a short walk away from several good restaurants. We never missed a meal while we were there!

Sunday morning after breakfast we got everything squared away on the boat and set sail for Columbia, NC. This would be about 15 miles east on the sound and then about 5 miles south on the Scuppernong River.

We were at the Columbia town docks at about 2:00 pm and got the last spot on the dock to tie up. Several boats from the Edenton Yacht Club were there and we had a great time visiting with them. This being Memorial Day weekend, everything was closed with the exception of one restaurant. We had an early supper and went back to the boat to plan for Monday. We wanted to make it all the way to Manteo (45 miles). It would be a very long day! We left early and raised the sails when we got back into the sound. We sailed when the wind was favorable and motor-sailed when we had to.

We finally came in sight of Manteo around 5:00 pm. I radioed the dock master at the Waterfront Marina to see if there was a slip available for the night. All the slips with utilities were taken, so we wound up using the new free docks that had been added since I had been there last.

We did not need water or power so we were good to go and for a \$5.00 fee we had shower and bathroom privileges.

The Manteo waterfront is a beautiful place to be, with most everything you need within walking distance.

We decided to lay over an extra day in Manteo and spend Tuesday just doing tourist things. After the long trip from Columbia, we needed a break!

Feeling rested and revived, we left Manteo early on Wednesday morning and made the 55 miles all the way back to Edenton. We tied back up at the Edenton town docks about 6:00 pm.

Our original plan for the trip was to stay out for about 10 days, but the weather forecast was not looking good. They were calling for small craft warnings late in the week and we did not want to be stuck at a dock somewhere waiting for the weather to improve.

After much needed showers and a trip to the Italian restaurant for supper, we turned in early and got a good night's sleep.

We had breakfast at "Snookers" (great breakfast place!) and then went back to the dock to get the boat squared away for the trip back to access ramp.

I motored C'est la Vie the 5 miles back to the Midway avenue ramps while Bill took the Jeep, hitched up the trailer, and met me when I got there.

After hauling out and de-rigging, we were on the road headed for home by 11:30 am.

This was the second time I had cruised on the Albemarle and I'd certainly like to go back and do it again!

Bill and I had a great time, but it would have been much better if we had had several more boats making the trip.

June 22nd, 23rd, 24th, and 25th is the Oriental to Beaufort cruise with a possible side trip to Cape Lookout. If you have a boat, come join us. If you do not, talk to someone that does. If that does not work out, consider chartering a boat!

Call People. Go Sailing.

In an effort to involve more sailors in the Club's Sailing Events and Racing Programs, this "Available to Crew" list is published in each newsletter. The people listed have taken our Learn to Sail class or have other previous sailing experience and are looking to get more time on the water. So, if you have a boat and would like to participate in the Summer or Frostbite Race Series, why don't you call one of these folks for your crew? Alternatively, if you need a cruising partner on your boat or would like to team with someone on one of the city sailboats for a day sail or a race, contact someone on this list. If you would like to add your name to the list, contact John Hemphill, Treasurer or Bill Grossie, Newsletter Committee (See the Help Lines box located in this newsletter).
