## Over Early?

**It has** been said, “if you aren’t over early some of the time you aren’t trying hard enough.” The problem comes in knowing or acknowledging that you are over early.

It was during a start that we “*thought*” that we had started great. The race committee did sound a horn and did put up a flag – but they thought it sounded like they might have blown the horn twice and everyone was confused, and several boats turned back so the race committee restarted the race.

Well – I didn’t think that we were over early – but I wasn’t standing on the committee boat...

The racing rules for recalls, section 29 – talks about being over early. It says that for the **Individual recall** the race committee shall display the X flag with 1 sound.

- X FLAG

When at a boat’s starting signal any part of her hull, crew or equipment is on the course side of the starting line. The flag shall stay up until all the boats that were over early have restarted, but no later than 4 minutes after the starting signal or one minute before any later starting signal. If the boats don’t restart then the race committee scores the boat ONS (& they get marked last)

**General Recall** – is when the Race Committee can’t identify all of the boats that started early, or there was an error with the start.

- First Substitute Flag

The first substitute flag is displayed and 2 sounds are given & the race is restarted within 1 minute

of the recall.

(These are subsections of the rules, a complete description in the racing rules of sailing 2009-2012.)

## The Great Pumpkin Race – October

The last of the summer series. – even though there was rain all summer this is one of 3<sup>rd</sup> driest seasons on record. The water in the lake was down significantly. Making it necessary to pull the centerboard up when scraping over the ramp. But making it easier to walk out when you accidentally fall in. & by the way “great catch” Steve! Steve Morris did a wonderful lunge across the dock and saved the mark weight from taking a dive over the edge.

*“You can’t ever tell what the weather and the wind will be doing until you are standing on the pier. ”*

Saturday morning started out drizzling, then rainy. But I had my little tiny radar image on my cell phone and there was just one bright green band, which we were in the middle of. The light rain eased and stopped about 30 minutes before the competitors meeting. Temperatures were mild and there was a nice breeze – a beautiful day to race. There were 4 Scots, Phil Thorn on a Tanzer and Ken Warren on his Lightning . This made for a nice mix of boats with similar handicaps.

The Saturday social was a big hit with Debbie’s grilled tri-tip steak sandwiches, baked potatoes and other fixins.

Sunday continued our season-long lucky streak with wonderful weather. This time there were five Scots and Ken Warren in his Lightning. It was tight competitive racing. A great season closer!

Everyone remember to thank the social committee for the tremendous job that they did this year. Let’s all encourage them to be out on the race course next year! (THANK YOU Debbie and Keith!)

Also MANY thanks to the people who served on Race Committee.

## Saleboats for Sail -

### Live out your inner Pirate - Buc Opportunity!

Unfortunately the time has come when we must part with our Buccaneer. She is hull number CBC285470774, one of the Chrysler vintage boats, listed as a 1974 model. We have done a few modifications, such as raising the mast step and replacing the old centerboard gasket with the new version, but she is basically as she was

designed. She comes with a trailer and is ready to sail. We have found that we simply do not have enough time to devote to sailing her, as we also have a 31-footer and not enough time to spend with her. We bought "Blue Ayes" when we moved from Florida to North Carolina as we knew that we would not be able to race the big boat here and we wanted to be able to race. There is a limit, however... We are asking \$1750 for boat and trailer. I can forward pictures to anyone who is interested. Thanks. **Arrr!**

**1981 Isotope** - \$2500 with sails and a galvanized trailer. Crossbar, dolphin striker, and trampoline have been replaced and an extension added to the righting bar. Good boat for a beginning racer or someone looking to get back into racing. She won the 2005 Governor's Cup and continues to give challenge to the fleet leaders. Eric and I have owned this boat since 1998. She's gotten us hooked on Isotopes, so much so that we are upgrading to a 2006 model.

In an effort to involve more sailors in the Club's Sailing Events and Racing Programs, this "Available to Crew" list is published in each newsletter. The people listed have taken our Learn to Sail class or have other previous sailing experience and are looking to get more time on the water. So, if you have a boat and would like to participate in the Summer or Frostbite Race Series, why don't you call one of these folks for your crew? Alternatively, if you need a cruising partner on your boat or would like to team with someone on one of the city sailboats for a day sail or a race, contact someone on this list. If you would like to add your name to the list, contact Nancy Heine, Newsletter Editor (See the Help Lines box located in this newsletter).
