Change of Watch Banquet	Jan 18, 2003	6:30--9:00 P.M.	Rudy's Café & Catering

Racing News!

I guess this should have been headed No Racing news!

The December races were cancelled due to inclement weather. As we all, I am sure, know the recent snow and ice storm caused many problems in the local area, and many of us were without power for up to seven days. The club suffered as well when the races that were scheduled had to be cancelled. Hopefully we will have better weather in January. Who knows maybe it will be balmy like it was several years ago when the temperatures were near 70F; however at this time it looks as if it won't

be that warm but maybe warm enough to get several races in!

I look forward to seeing all of you at the lake so remember January 4th at 1100 hrs sharp!

New Editor!

Beginning with the January newsletter, Pam Reynolds will be the new editor.

I would like to personally take the time to welcome Pam on board and look forward to the new newsletter, and all that it will bring to the club members. I am sure Pam would appreciate any

articles that any of the members would like to send in. It is always refreshing to read articles sent in by club members, so please feel free to send in bits of trivia, trips, etc, etc to help spice up the newsletter.

I have enjoyed putting the newsletter together for the past several years and am kind of sad to let it go. I appreciate all who have contributed to it over these few years and hope you will continue to contribute in the future. It could have never been done without the input from our members.

I would personally like to thank David Young and Sandy Leonard who have been very helpful to me in emailing and snail mailing the newsletter each and every month. This in itself was a big responsibility, and I wanted to thank you both from the bottom of my heart for all your hard work. It would have never happened without you!

I also want to let everyone know that, although there seems to be a trend in the past 6 or 7 years that once you roll off the board of directors that you no longer are active in the club, I will not add to this trend. I plan on sailing, racing, and being an active participant for years to come.

I challenge anyone who is rotating off the BOD to stay active. Who knows maybe some day I can roll back on because I will tell you this; some of the most enjoyable times I have had in this club were times when I was on the BOD. Maybe it made me feel more like I had an ownership stake in it, (as we all really do), but it actually made me feel more attached to the club. This is a great club with great people, and I have made many friendships over the years, that I would like to continue to develop.

If you have never served, and are interested, but have never decided to do it, I challenge you to get involved; you will not be sorry you did!

A Note of Thanks!!

This is my last month as Commodore for 2002 and I just want to express my heartfelt thanks to all the Officers and Directors on the Board at LTYC. All the Past Commodores already know what I came to realize as the year went along, a strong vibrant Board makes being Commodore a real pleasure. Two other individuals not on the Board helped me a great deal and I want to acknowledge their efforts, Phil Leonard (Newsletter) and Steve Raper (Webmaster). Finally, I want to thank all the membership who volunteered countless hours to help LTYC continue to grow and flourish. All of us in the club are fortunate to have Bill Grossie and a new Board lead us in 2003. It is going to be a phenomenal year! See you at the Change of Watch, 18 January 2003, or on the water!

John Goodman

Call People. Go Sailing

In an effort to involve more sailors in the Club's Racing Program, we're going to start publishing this "Available to Crew" list in each newsletter. The people listed have taken our Learn to Sail class or have other previous sailing experience and are all looking to get more time on the water. So, if you have a boat and would like to participate in the Summer Race Series (starting this month) why don't you call one of these folks for your crew? If you'd like to add your name to the list, contact David Young at 545-1655 or sandyleo@aol.com.
