TALK OF TOWNSEND . . . July 1978

The JUNE RACES had a super crew on the Committee Boat (Jim Maultsby's Flying Scot). Carol Meetze and Ann Southerland continue to provide unselfish service and much needed help in running the races. Hope and John Beaman helped out Saturday and Francis and Jim Ward ran the crash boat (with our club's NEW MOTOR). SPECIAL THANKS go to Joe Bolyard for his ability to effectively tell the rest of us the proper sequences for the various committee boat signals, and to Chip Bolyard for eagerly computing the results of the handicap classes!

We're beginning the process of getting funding for a separate sailboat facility at the lake. We'll need to get ourselves involved in City Government by grant writing and attending many meetings to insure a proper yacht club. If you know council members, please let me know. All of us will need to work hard to get this through the funding process.

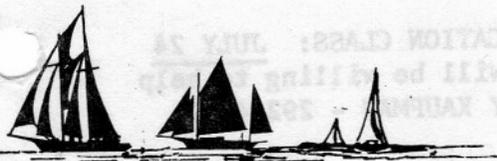

Please encourage your non-L.T.Y.C. sailing friends to join us. Our club is growing well, and the more members and activities we have the better! A large membership base will help get better and bigger facilities!

Chip Bolyard capsized first in the Saturday races, but Dave Batcheller's dunking was the most dramatic (no pun intended!) Not only was it near the committee boat but a city photographer on a nearby boat shot a roll of film of the scene. Rumor has it that this capsizing will be in the City's Annual Report! Thanks Dave!

J U N I O R R A C I N G . . .

If enough youngsters are interested, LTYC will have Junior Races on mornings of the Saturday Race day at 10:00 A.M. Each child will need a boat, a coast guard approved life preserver, and a tow line (twice the length of the boat) attached to the boat. (two children can use the same boat). **IF INTERESTED - Please drop a line to L.T.Y.C. % Roy Bolyard, 2606 Gracewood Dr. 27408.**

CREWS NEEDED - - WANTED??

If you're a CREW in need of a skipper and boat, or a SKIPPER in need of a crew, drop a note to Roy Bolyard, 2606 Gracewood Dr. 27408. The Club has several people in these categories and it's a shame to have idle crews and boats!
