Call People. Go Sailing

**** REACH OUT AND CALL SOMEONE ****

In an effort to involve more sailors in the Club's Sailing Events and Racing Programs, this "Available to Crew" list is published in each newsletter. If you have a boat and would like to participate in the Summer or Frostbite Race Series, call one of these folks for your crew. Alternatively, if you need a cruising partner on your boat or would like to team with someone on one of the city sailboats for a day sail or a race, contact someone on this list. If you are interested in crewing and would like to add your name to the list, please let Joleen know. Joleen has the best intentions of calling each new member if she doesn't hear from them to encourage them to sign up on the Crew List. (See the Help Lines box located in this newsletter).

A Great Day at LTYC Ends With a Flight Simulation

46 sailors representing 26+ boats left the breakfast social/competitor meeting looking forward to a great day of racing and commradie. Race Committee set up nice courses in the shifty/gusty winds. Our newest Isotope sailor joined the Lake Townsend Swim Club as he first tested the leeward wind conditions in race 1 and then the weather rounding conditions in race 2. I think this is par for the course for the lighter Isotope sailors. After all, my first year skippering, every time I went out, I went over.

Towards the end of the social, we hailed “batten down the hatches.” Almost immediately, the winds picked up and visibility dropped to less than 20 feet. We huddled as much out of the wind as possible (with the shorter sailors finding spots behind taller sailors), but there wasn’t a dry spot in that long shelter. As visibility started to return, eyes were on the beach, looking to count masts, wanted to see 3. We saw 1.

Arriving at the scene, it seemed to us that my Isotope had decided to try flying, and used the mast of the leeward Hobie as a spring board. Neither boat was up to the challenge. Though my Isotope ended up on top, the Hobie won the skirmish. I think my boat can be repaired, (Frank is after all a magician) and the Hobie damage was limited to a busted forestay with masthead decapitation, and a bit of damage to the mast. On the other side of the parking lot, the Scot had also tried to fly but wasn’t able to use the adjacent mast as a spring board. I don’t think there was any damage to the Scot.

Rangers reported wind speeds up to 50mph. Once again, we were reminded of how much we value being well off the water when the storms come in. Tomorrow’s forecast promises a little less excitement.

A Single Mission

Since its founding in 1995, Friends for an Earlier Breast Cancer Test® has worked and focused solely on earlier detection of breast cancer as opposed to focusing on a cure for the disease.

Earlier detection may prevent invasive surgery, minimize treatment and dramatically increase survival chances. Many non-profit organizations have multiple offices, staff and multi-level internal organizations.

Friends for an Earlier Breast Cancer Test® has only one office, located in Greensboro, North Carolina, with one full time and two part time staff members. The objective of the organization is to direct as many funds as possible, as quickly as possible, to the research.

When Friends for an Earlier Breast Cancer Test® achieves its clearly defined mission to fund research leading to successful earlier detection, the organization can willingly and thankfully close its doors.

“This is a project, not an ongoing organization. A biomarker will be found and a test to detect breast cancer in its earliest stages will be created. No previous generation has had the opportunity to make an impact of this magnitude on breast cancer.”

What's a Scratch Sheet?

A few years back, big regattas started posting scratch sheets on the internet to drum up interest and promote participation. As there is typically no cost to signing up, Scratch Sheets give a good indication of who is thinking about going to an event. It helps the organizers plan and prepare for the event. Last year, LTYC set up a Scratch Sheet in Google documents for its events. It was a good move. If you expect to be at some of our upcoming events, take a few moments to step through the different Scratch Sheets and let us know to expect you. Don't worry about last minute change of plans, Scratch Sheets are only an indication of your intentions. If you need crew, want to crew, would like to help with the social, or have some other creative idea, just list it in the Scratch Sheet. The Scratch Sheet is available from the home page or the LTYC Website.

Late last year, the club acquired a Flying Scot to be used to expand our sailing education program.

A few months back, the board agreed on the first year usage policy for the FS3410, see below. Please direct any questions or feedback to ltycboard@laketownsendyachtclub.com

FS3410 Usage Policy

Flying Scot 3410 is owned and maintained by the Lake Townsend Yacht Club. It is intended to be used for Sailing Instruction, Training and Mentoring.

- FS-3410 is to be used by LTYC Lead Instructors while giving lessons
- Assistant Instructors may use the boat for lessons with approval from the board or a Lead Instructor
- Qualifying lessons include:
 - Private lessons as prescribed by the LTYC Learn To Sail program.
 - Follow-up lessons for students of previous LTS classes that have joined LTYC as members
 - Mentoring for all LTYC Members
 - On course racing coaching for all LTYC Members polices are also in effect

Additionally, any LTYC Club member who is on the FS-3410 Maintenance Team has Right of Use.

Unless being used during a club event, the sailors need to register with the Office.

Launching fee policies are also in effect.

SAILBOATS FOR SAIL

Buccaneer 18' for sale due to relocation. Craig Huey 303-884-4682 chueygman@yahoo.com Asking price is \$1325 with trailer, paddle, 2 hp Johnson outboard, and manuals, rigging guides.

Buccaneer 18' - I am selling my 1980 Chrysler BumbleBee model. It has new North Sails worth \$1700, and Schaefer and Harken fittings. The galvanized Cox trailer is in very good condition. There are also a good set of working sails; the original Bumble black and yellow sails, and a new 60% size main, which is outstanding for single-hand sailing. There is no spinnaker. I am selling for \$3000 OBO. Chris Munson, 703-895-8006 or kayschrism2008@verizon.net.

Reconditioned 1981 Isotope in great shape and ready to race. Includes new trampoline and halyard. Hulls were recently sealed, polished and thoroughly inspected by manufacturer (Custom Fiberglass, Inc.). Also included are Dacron sails (in good shape) and trailer that needs minor wiring work. This is a great light and medium wind boat design that is low maintenance, easy to learn to use and exciting to sail. \$2,150.00

Contact John Kuzmier 580-5766 or jkuzmier@infolinktele.com.

1969 Douglas and McCloud - Hull number 509. This original Highlander classic has just undergone a complete restoration and is in mint condition. Trailer has been completely sanded and painted white with red fenders; new tires and wheels. Aluminum mast with mahogany boom and rudder. Ship set includes 3 main sails, 2 jibs, 1 spinnaker, plus all rigging set up for racing. Boat hull and deck have 2 coats of marine primer and 3 coats of marine paint. The hull is the original color black with red water stripe. The deck is semi-gloss white. All deck rails and rub rails have been sanded and varnished. The teak seats and interior running teak have been sanded and teak oiled. The inside is the original gray and white splatter paint. Also has sailors tailor-skirted mooring cover. *The Black Pearl* is in a Greensboro garage on trailer ready to go to her new owner for \$4,500. David J. Schlosser, Sr., djschlosser@aol.com or (336) 316-0804.

Many back issues of *Cruising World*, *Good Old Boat*, and *Practical Sailor* magazines—free to a good home. Contact Bill Young at woyoung@triad.rr.com.
